

The RodWorks is based in Adelaide, South Australia and is owned and operated by Ross van Enkevort, a Custom Rod Builder with over 20 years experience!

Ross is known around Australia for the quality of fishing rods he produces. His trademark is in his attention to detail and his knowledge of the latest techniques, components and world trends allows him to produce rods of the finest quality. Ross specializes in rods for all your needs from Surf, Short Lever, Jig, Finesse, Heavy Spin and Fly. He can truly customize a rod to your needs, assisting you in selecting the perfect blank, the right guides, components and using specific pattern work, cork, leather or rope grips. Ross also does all rod modifications and rebuilds to bring that old favourite back to new. For the custom rod builder, the site offers a range of Fishing Rod Components not previously available on one Australian site. There are already thousands of Rod Building Supplies to choose from and Ross continually sources new Components internationally. Ross is available to assist with any queries from Monday to Friday 8am to 6pm, and every Saturday from 9am – 5pm on 08 8395 0755 or 0418 104 265. VoIP (08) 72212391 (Engin).

This website introduces you to a totally dedicated Rod Building site, with a full online secure shopping cart and a huge range of Components to choose from. This is the most comprehensive online Rod Building site in Australia.

Components selected for built with direct woven choice of patterns, color in blocks and stripes. Ross using
